Kurubarahalli Sy. No. 4 and Alanahalli Sy. No. 41 'B' Kharab land

Hurdles cleared, Khatas will be issued: MLA

Mysuru, Mar.11 (MTY&BCT)- Over 25,000 people, who own houses and lands at Siddarthanagar, K.C. Nagar and J.C. Nagar, coming under Kurubarahalli Survey No.4 and Alanahalli Survey No.41, and who were facing legal hurdles in selling or transferring their properties or taking loans on the properties, can now breathe a sigh of relief as the State Cabinet has removed the controversial 'B-Kharab' classification. Khatas will be issued to property owners in a couple of days as all the hurdles have been cleared, said Krishnaraja MLA M.K. Somashekar.

He was addressing a press conference at a park in front of JSS High School near Lalitha Mahal Gate this morning. Over 50 residents of the above said Layouts were present along with him.

M.K. Somashekar

"The Cabinet has taken a decision to remove the 'B-Kharab' classification and Chief Minister Siddharamaiah has signed the order. With this, all disputes regarding the land have come to an end. Henceforth, Khatas will be issued and the residents can deal with their properties as per their wish," he said.

When asked about the pending cases in the Courts regarding the Layouts, he said that the Cabinet decision was supreme and the State decision will be informed to the Courts. The Cabinet has dropped the 'B-Kharab' classification for 205.09 acres at Siddarthanagar, 105 acres at K.C. Nagar and 44.02 acres at J.C. Nagar. In all, the classification has been dropped from 354.11 acres of land, he added.

International Yoga Day on June 21

Mysuru likely to host main event

New Delhi, Mar.11 (BCT)- The Centre has shortlisted four cities — Mysuru, Jaipur, Hyderabad and Ahmedabad — for holding the main function of International Yoga Day this year. These four names will now be sent to the Prime Minister's Office (PMO) which will select one city and then finalise the venue of the main function of International Day of Yoga (IDY) to be held on June 21.

Narendra Modi

"We have already started preparations. The main function will be held outside New Delhi. Four cities — Mysuru, Jaipur, Hyderabad and Ahmedabad — have been shortlisted for selecting the venue of the main function of IDY this year," a senior official from the Ministry of Ayurveda, Yoga and Naturopathy, Unani, Siddha (AYUSH)," said in New Delhi.

According to the official, several States were consulted and based on their responses, the four cities were shortlisted. In the lead-up to the main event, an International Yoga Festival would be held in March end, which will be followed by 10 State-level Fests to be held in different parts of the country.

"The aim is to build an atmosphere of Yoga in the lead-up to the main event and sensitise the masses about the grand function on June 21," the official said.

"We want to convert Yoga into a bigger activity, stretch it over the entire year and not just restrict it to a one-day event," he said.

EDITOR'S BOTTOMLINE

The threshold of anger is different for different people, with the hapless people around bearing the brunt of the outburst. But anger can be a positive emotion when directed at oneself, at one's work — when it pushes one to be dissatisfied with one's output — and aims for higher quality. Angry demonstrations with sloganeering against policies or unsavoury incidents seem healthy for any democracy. But road rage cannot be condoned for any reason.

Unsavoury incidents are beyond our control, but our reactions to them can be controlled by none other than us, as anger cannot reverse any situation. Such anger only eats into oneself and upsets the mental equilibrium and spreads toxicity within. As such anger has physiological effects and affects the human metabolism. What if one is at the receiving end? A travel acquaintance — and an educated one at that — confided that she was being the target of her husband's irrational anger each day. Any simple sentence from her provoked a rude grunt or harsh reply. Unable to bear the abuse she revealed that she retaliated at times only to get more hurt emotionally until she decides each day to move on by immersing herself in other tasks. The hurt vanished on its own, she opined. Likewise anger can be cooled down with calming melodies or a brisk walk. As a wise man said, 'If you spend a minute in anger you lose sixty seconds of peace of mind'.

Stylish 'Dumb Phone'

Brooklyn: If you're feeling overwhelmed by all the features and apps available on smart phones and miss the good old days when mobile phones were simple communication devices, you'll probably love Light 2, a stylish "dumb phone" designed to eliminate time-wasting distractions from your life.

The original Light mobile phone launched in 2015, by the Brooklyn based creators, Joe Hollier and Kai Tang, recently decided to give a few extra features texting messaging capabilities, an alarm clock and a headphone jack. Light Phone 2 will never replace your Apple or Android hand-held, but it can at least help you mitigate the effects of smart phone addiction by allowing you to "go light" every once in a while. The Light Phone 2 is only 6.5 millimeters thick and about the size of a credit card. But becoming free of smart phone distractions doesn't come cheap. The minimalist Light Phone 2 is expected to be priced at around $400, which is actually more expensive than some smart phones.

Spinning largest hula hoop

Tokyo: Yuya Yamada, a hula hoop street performer from Tokyo, Japan, recently managed to set a new Guinness record after successfully spinning a 5.14 m (16 ft 10 in) aluminium hoop using only his torso.

Also known as "Hoop Man Yu-Ya" in his native country, Yamada is famous for his hula hoop tricks. He can spin a hula hoop while running, spin it vertically using both his head and his backside and can also spin dozens of them at the same time. Spinning a 5.14m hula hoop with only your torso and spinning it using your hands and then literally run and spin inside the giant hoop while it is moving to keep the momentum going.

Yamada had broken the world record for largest hula hoop spun before, when he managed to spin a 4.93 m hoop, but he later lost his title to serial record-breaker Ashrita Furman, who spun a 5.04m one. In November of last year, he traveled to Yokohama for the official attempt, and easily spun a 5.14m, setting a new world record right on Guinness World Records Day.

VOICE OF THE READER

Citizens manage traffic at level crossing

Sir,

On Mar.5, due to the traffic diversion from Hunsur Road, the junction in front of the level crossing witnessed a gridlock. No Traffic Cops were present, and the only Traffic Warden reached late on the scene.

A few citizens took up the task of traffic management, raising their voice against impatient drivers and tolerating abuses, to let an ambulance pass.

Yes, we can lament on the lack of coordination between authorities (as evident from them destroying a newly-laid road), or the lack of traffic management. But, we as citizens of Mysuru can show more patience, instead of honking, hurling abuses and trying to run over the other. Our destinations inside the city aren't that far away, our roads are wide and traffic keeps moving at a steady pace.

I'm glad a few Mysureans rose up to the occasion, and took on the task of trying to instil some common sense, though they were outnumbered in size and number by their fellow drivers and riders.

Land row: Siddu skips opening of Police Commissioner's new office

Mysuru, Mar.11 (SDM&DM)- Chief Minister Siddharamaiah yesterday skipped the inaugural ceremony of the new City Police Commissioner's Office that has been built in Nazarbad, reportedly due to a dispute surrounding the land. With this, the inaugural ceremony was postponed.

Sources said that after the CM postponed the inauguration, rumours spread that Siddharamaiah did not go to the Police Commissioner's Office because the building has been built on a disputed site.

However, the organisers at the Police Commissioner's office announced that the ceremony has been postponed due to unavoidable circumstances.

The 3-storey building built on heritage lines, has been constructed at an estimated cost of Rs.16.76 crore.

Following a writ petition filed by M.R. Ashok Kumar and two others, claiming that the Police Commissioner's office was built on the land that was earmarked for a park, the High Court (HC) in September 2016, had ordered a stay on the construction work. However, the MUDA had contended that according to the revised master plan, the land was a public area. The case is scheduled to come up for hearing in the HC on Mar. 21, according to sources. Had the CM inaugurated the Commissioner's office, it would have become a matter of sub-judice and as such the inauguration was postponed, the sources added.

Hale Unduwadi drinking water project in limbo

KIADB sells 90-acre land meant for project to realtor; now government has to intervene to cancel the allotment

The land near Beechanakuppe that Karnataka Urban Water Supply and Drainage Board wants to set up Hale Unduwadi Drinking Water Project. Picture right shows KIADB Chief Executive Officer (CEO) Pankaj Kumar Pandey leading the team during an inspection of the land in Nov. 2017

Mysuru, Mar.11 (RK&BCT)- Even as the Mysuru City Corporation (MCC) is hopeful of taking back a plot of land from the Karnataka Industrial Area Development Board (KIADB) that it had identified to set up a mega water treatment plant as part of the proposed Hale Unduwadi drinking water scheme for Mysuru, the project may not see the light of the day soon. It is doubtful for at least this summer as the State will go to polls in early May and the Election Code of Conduct will be in force before that.

Moreover, the project is in jeopardy and the government has to resolve the deadlock between the KIADB and the MCC as the KIADB has sanctioned the land to a realtor and the government has to intervene and annul the allotment. The total cost of the project estimated four years ago is Rs. 470 crore.

By implementing the Hale Unduwadi project, the MCC wants to ensure unhindered supply of water from the Krishna Raja Sagar Dam even when the water at the reservoir reaches the Dead Storage Level of 74.76 ft. The maximum level is 124.8 ft. The Hale Unduwadi project can supply 300 MLD (million litres per day) of water and has a maximum capacity to supply 600 MLD per day.

At present, if there is a drinking water crisis, Cauvery water is pumped from the backwaters. But the drawback here is that the pumping stations need to wait for water release from the dam as they are located downstream of the dam. Four pumping units that supply water to the city have a total capacity of 265 MLD and are prone to going dry if water level drops below the dead storage level.

As per the requirement of the MCC, the Mysuru Urban Development Authority (MUDA) had sanctioned land at Beechanakuppe and over 90 acres were allotted. The land is situated at a height and will conveniently pump drinking water to the city. The plan was to pump water from the backwaters at Hale Unduwadi, located 2 kilometres from KRS Dam, and supply it to Beechanakuppe, where a water treatment plant is proposed to be built.

The project will jointly be implemented by the MCC and Karnataka Urban Water Supply and Drainage Board (KUWSDB). The project has the capacity to pump 600 MLD of water that is far beyond the present needs of Mysuru and it will cater to the requirements even if the city grows.

Throwing a spanner into the MCC plan, the KIADB acquired 290 acres of land at Beechanakuppe — including the 90-acre land that was meant for the Hale Unduwadi project — and allotted to a realtor to build a satellite township.

Most of the area that has been acquired by KIADB is in Mandya district, sources said. KIADB officials were not in the loop and had no information of the drinking water project being conceived by the MCC, sources added. After the land acquisition, KIADB created sites in the vicinity and sold a large chunk of it to the realtor who has paid the amount and was legally on solid grounds.

Following objections from MLAs G.T. Devegowda, Vasu and M.K. Somashekar, former Mayor B.L. Bhyrappa to the KIADB acquisition and allotment of a land that had already been identified for the drinking water project, the government had directed the Chief Executive Officer (CEO) of KIADB Pankaj Kumar Pandey to inspect the land and submit a report.

Pandey visited the area in November 2017 and held discussions with the civic authorities, in the presence of officials from MCC, KIADB and KUWSDB. Sources in the KIADB told *Star of Mysore* that Pandey has recommended in favour of the realtor.

The issue was discussed at the MUDA meeting on Mar. 2, 2018 when MUDA Budget was presented. Raising the issue, MLAs G.T. Devegowda and M.K. Somashekar urged MUDA Chairman D. Dhruvakumar to intervene in the long-term interests of Mysuru.

Taking exception to the KIADB CEO's move to favour the realtor at a time when Mysuru needs a drinking water project, Devegowda directed the MUDA Commissioner to take steps to take back the land from KIADB and discuss the issue with the Chief Minister.

MUDA officials told the meeting that they had written many letters to KIADB in this regard and so far there has been no progress. Now, only a Cabinet decision or the Chief Minister's intervention to cancel the KIADB allotment can salvage the drinking water project.

City artists liken harassment of women to a bench of nails

Mysuru, Mar.11 (NNN)- City artist Badal Nanjundaswamy, whose concern for society and its burning issues is well-known, has now come up with a new idea of creating awareness among people regarding harassment of women and how to behave with them in public.

As part of International Women's Day, Badal and his friends held a two-day event titled "Discomfort — Sexual harassment in public spaces" near Chikka Gadiyara (Small Clock Tower) in city recently. The benches with nails depict symbolically, how women are sexually exploited and also show how many harass them by stalking them.

Speaking to *Star of Mysore* here yesterday, Badal said, "The idea was to show how women are sexually exploited and harassed in public places. How in buses men touch them inappropriately, tease and stalk them. Only when we highlight such issues which are becoming major problems in our cities, towns and villages, can we do something to fight such inhuman behaviour."

Selfie vow: Among the harassment meted out to the people, harassment of women is a major one. "Next time when I see a harassment of woman in public, I will not remain a silent spectator. I will oppose the attackers of the woman, I will not allow her to become a victim. 'Agri Market agents fleecing farmers'

Director for Agriculture Produce Marketing M.B. Rajeshgowda seen inaugurating a two-day national conference on 'Emerging Trends in Agribusiness Management in India-2018' at Rani Bahadur Auditorium, here on Mar.9 as University of Mysore (UoM) In-charge Vice-Chancellor Prof. C. Basavaraju, BBMP Assistant Commissioner Dr. D.B. Natesh, UoM Registrar (Evaluation) Prof. J. Somashekar, Syndicate Member M.S.S. Kumar, Institute of Development Studies Director Prof. H. Nagaraj and others look on.

Mysuru, Mar.11 (MTY&NNN)- The time has come to stop fleecing of farmers of their produce by the Agriculture Marketing agents, said Director for Agriculture Produce Marketing (APM) M.B. Rajeshgowda.

He was speaking after inaugurating a two-day national conference on 'Emerging Trends in Agribusiness Management in India-2018,' organised by the Institute of Development Studies, University of Mysore at Rani Bahadur Auditorium, here on Mar.9.

These days the agriculture production is coming down and hence just as much importance is given to agriculture produce, the same importance must be given to agriculture production, he said. The farmers are faced with the challenge of finding markets for their produce and by the time their produce reaches the market, they become victims to the fleecing of the agents. Though the Agri Marketing centres are meant for creating a meeting point between farmers and agents, the latter still end up controlling the prices. Hence, there is a fluctuation in prices and farmers are duped. To stop this, warehouses as agri-markets have to be setup, he said.

If we have modern warehouses with all facilities then it is possible to reach quality products to the consumers. Plans are afoot to setup such warehouses in the rural areas. There is a need for public-private partnership (PPP) model and contract farming would be a boon for the agriculture market, said Rajeshgowda.

Once such warehouses are setup, then the farmers can fetch good prices for their produce, he added.

The organisers said that agribusiness is defined as the total output arising from farm production and product processing at both pre and post-farm gate levels. In developing countries like India, the agri-business sector encompasses four distinct sub-sectors, such as agriculture inputs, agriculture production, agro-processing and marketing and trade. All these add value or utility to the goods.

University of Mysore Incharge Vice-Chancellor Prof. C. Basavaraju, Bruhat Bengaluru Mahanagara Palike (BBMP) Assistant Commissioner Dr. D.B. Natesh, UoM Registrar (Evaluation) Prof.J. Somashekar and Syndicate Member M.S.S. Kumar were present.

Street play on road accidents

Mysuru, Mar.11- A street play *"Idhyaava Saayo Aata?"* (What kind of death game is this?), jointly organised by Karnataka State Road Transport Corporation and Resource Centre for Communication, Bengaluru, was staged in Mysuru and Chamarajanagar districts yesterday and today.

The street play was staged yesterday morning opposite Nanjangud Temple. The duration of the play was 15 minutes and there was also an interaction with audience for five to ten minutes.

The play was staged at various places in Mysuru district including Alambur, Nagarle, Kupparavalli, Siddaramanahundi, T. Narasipur and Talakadu. In Chamarajanagar, it was staged at Yelandur, Kollegal, Madhuvanahalli, Singanalluru, Hanuru, Saraguru and Sathyagala.

Purpose of the play

This play is based on an accident analysis report on buses operated by KSRTC. The report reveals that a majority of the victims of bus-related accidents are two-wheeler riders and pedestrians.

This report is an analysis of 728 fatalities between 2012 and 2017 out of which 267 pertained to two-wheeler riders and146 victims were pedestrians. The study was conducted by KSRTC in collaboration with World Resources Institute in five divisions.

About 42 per cent of the accidents were result of head-on collisions, 32 per cent along the same side of the buses and 25 per cent while crossing the roads. However, KSRTC Managing Director S.R. Uma Shankar says that the rate of accidents has been reducing over the years.

It will come down drastically if two-wheeler riders are more responsible on the roads and wear helmets while riding. Hence, people should be more responsible towards road safety, while crossing the roads, said the MD in a press release.

Synopsis of the play

"Idhyaava Saayo Aata?" is a serious toned satirical street performance, which conveys a strong message with a touch of comedy in it to keep it conversational. The play showcases problems happening in day-to-day life because of negligence in following traffic rules.

The play also gives apt solution in a way that connects the audience and makes them think twice before committing such faults in future. On the other hand the play makes youth as its target audience, as most incidents have been related to them.

First-ever Bird Census held at Ranganathittu Sanctuary

A volunteer seen capturing the photo of a Pelican hunting a fish at Cauvery River during the Bird Census at Ranganathittu this morning. Picture right shows DCF (Wildlife) V. Yedukondalu** (extreme left) **briefing about data analysis of the census to volunteers.

Srirangapatna, Mar. 11 (SV)- The Forest Department, in association with Mysore Bird Watchers' Group, for the first time conducted a Bird Census at Ranganathittu Bird Sanctuary in Srirangapatna this morning. About 75 volunteers and avid bird watchers took part in this census.

The census was originally scheduled on Mar. 4, but was postponed to Mar. 11 following the death of S. Manikandan, Director of Nagarahole National Park, who was trampled by an elephant on Mar. 3.

The volunteers were split into 14 teams and were assigned certain islands in different boats. The bird watchers and volunteers were selected and divided at a workshop on 'Scientific Bird Counting' conducted yesterday at Aranya Bhavan in Mysuru. Several ornithologists were also a part of the team.

Speaking to *Star of Mysore*, V. Yedukondalu, Deputy Conservator of Forest (DCF) Wildlife Division, Mysuru said, "We started the census at 6 am and finished the rounds by 10 am. We selected the batches and members for the census yesterday during the workshop based on their interests and photography skills. We counted the birds, their habitat and nests. This is for the first time that we are doing such a census and we will continue to have more such surveys in the near future. Their habitat preference is also recorded as we can improve their habitat and understand their preferences. We are doing this for the management of park based on scientific lines. The data will be compiled for Ramsar Site (wetlands of international importance) tag."

Three different methods: Three methods such as Total Count Method, Nest Count Method and Photographic Method were adopted during the census. The average of these three counts will be taken for analysis. The bird watchers and volunteers have created a WhatsApp group and will network together and work on solving the ecological issues.

Citing the importance of this census, Yedukondalu said, "Through the data we get, we will be able to understand the bird patterns better. We can know their migratory patterns, nesting patterns and can build a suitable habitat for them. Thus this study will be used as a baseline to understand the birds and its trends. Until now, only boatmen and local staff used to analyse the type of birds. But now we need a scientific compilation and thus we will be conducting four surveys every year.

Sheshagiri, a senior bird watcher from Mysuru said, "About 27 islands have been covered and we have recorded the birds, their habitat, nesting pattern and roosting. This will be used as a base to develop further information. Studying their habitat patterns and preferences will help the Department in creating suitable habitats to attract the birds."

Birds recorded: Birds such as Pelican, Hornbill, Painted Stork, Open Billed Stork, River Tern, Spoon Bill, Night Heron, Grey Heron, Purple Heron, Pond Heron, Kingfisher, Swallow, etc. were recorded. The Forest Department had provided binoculars, details of flora and fauna for reference, booklets and list of do's and don'ts during the census.

Ananya Kumar, Range Forest Officer (RFO), Puttamade Gowda, Deputy Range Forest Officer (DRFO) and 25 staff members including boatmen were assigned for the census. Three more bird surveys will be conducted at Ranganathittu Bird Sanctuary in May, August and November this year. Bird lovers who are interested to take part in surveys may contact DCF (Wildlife) V. Yedukondalu.

The sanctuary was closed to visitors till 11 am to ensure smooth functioning of the census. The data and photographs from all the teams were collected to get the exact count and analysis.

Khatas will be issued: MLA

(Continued from page 1)

Claiming credit to the Cabinet decision, the MLA said that it was his efforts and government support and support from Mysuru Urban Development Authority (MUDA) that made the Cabinet to take this decision. "I had promised the residents that I will get this issue resolved and I have done it and I thank CM Siddharamaiah for the same," he said.

The lands had been purchased by over 25,000 people from City Improvemrnt Trust Board (CITB) now MUDA in 1970s. However, they are yet to get land records, in spite of them being legal owners. Hence, everything had come to a standstill as they are neither able to sell their houses nor build extra floors for the past three years. Now the Cabinet decision has come as a relief, the MLA said.

"A Minister in the BJP government during 2008 to 2013, who is from Mysuru, had influenced the then Mysuru Deputy Commissioner to convert 'B Kharab' land to 'A Kharab' land. The same land was later classified as 'B-Kharab' land," he alleged.

"Residents need not have any fear, doubt or apprehension that as elections are approaching they may not able to sell or transfer the land due to Code of Conduct. I want to assure them that the process of documentation (Khata) will begin in another two or three days," Somashekar said.

INCOME TAX LAYOUT

When asked about the exclusion of Income Tax Layout from the 'B Kharab' classification as raised by B.P. Manjunath, BJP National Council Member and Convener, Survey No. 4 Hitharakshana Samithi, the MLA said that in their proposal to the government, they had included Income Tax Layout along with Siddarthanagar, K.C. Nagar and J.C. Nagar.

"We had included all the layouts and we need to see the records. If the Income Tax Layout has been left out, we will follow the model of how the Cabinet has removed 'B Kharab' classification and request the CM to apply the same yardstick to Income Tax Layout also," he said.

Rare Neelgai spotted at Bhadra Reserve after 65 years

Chikkamagaluru, Mar.11- A rare Neelgai or 'blue bull' was sighted in Muthodi Range of Bhadra Tiger Reserve on Friday evening after a long gap of 65 years.

The lone, healthy Neelgai was sighted on Friday evening when it was walking on the safari road in the tourism zone of the reserve.

The last time that a Neelgai was found in the State was way back in 1952 in Kundkere range (bordering Sathyamangala forests) of Bandipur Tiger Reserve. The animal, however, was never found in Karnataka again.

According to Forest Department officials, it was a big surprise to see the animal in a habitat that is semi-evergreen to moist deciduous.

Sometimes referred to as the 'blue bull' (or horse), it is the largest of all Asian antelopes and is one of the most commonly seen wild animals in all of India.

A Neelgai stands 3 feet 7 inches to almost 5 feet tall at the shoulder (1.1 to 1.5 meters) and has a length of 5 foot 7 inches to almost 7 feet (1.7 to 2.1 meters). It weighs between 220 and 680 pounds (100 to 308 kilograms) and makes them quite the imposing creatures. Their somewhat peculiar shape makes them very interesting to the eye.

The Neelgai is a robust animal with bodies similar to horses, but have much smaller heads and small horns (only on the males), leading many to compare them to a cross between a horse and a goat.

Females are a lighter brown colour and slightly less robustly built. Both males and females have a short bristly mane.

Neelgai is commonly found in dry regions of Madhya Pradesh, Bihar, Assam, Uttar Pradesh, and Maharashtra. But in the south, this species has never been spotted in a wildlife habitat.

International Yoga Day

(Continued from page 1)

Last year, the main event of IDY was held in Lucknow in which Prime Minister Narendra Modi participated. The first IDY celebration was organised at Rajpath in New Delhi on June 21, 2015, in which representatives of 191 countries took part. In 2016, the main function was held in Chandigarh.

Mysuru record

Mysuru holds Guinness Record in the Largest Yoga Lesson category. With 55,506 participants, the city officially entered the record book for the largest gathering at a single venue on June 21, 2017 on the occasion of International Yoga Day.

The District Administration had organised the Largest Yoga Lesson at the spacious 139.30-acre Mysore Race Course premises where 55,506 participants, including foreigners, school and college students, elderly people, took part.

Reacting to the Centre's choice of Mysuru among the four cities for the main event of International Yoga Day, Deputy Commissioner D. Randeep said, "Thanks to media. Our efforts have paid off. Hopefully the District Administration can pull off another World Record in presence of Prime Minister and Chief Minister," he said.

Last year, Mysuru Kodagu MP Pratap Simha had invited Prime Minister Narendra Modi to inaugurate the International Yoga Day in Mysuru. Simha told the PM about Mysuru's association with yoga and he had highlighted how the city has emerged as a hub for international students to learn the ancient discipline.

Rishikesh is yoga city

It may be recalled here that Union Minister of State for Tourism (with independent charge) Alphons Joseph Kannanthanam, who had come to the city recently to inaugurate the Mysore Travel Mart, had said that Mysuru is not India's Yoga Capital.

"The boast of Mysureans calling the city as yoga capital is not true. Just by gathering thousands of yoga enthusiasts and creating Guinness World Record does not make it the yoga capital. Rishikesh is truly the Yoga City," he said, surprising everyone gathered at the event.

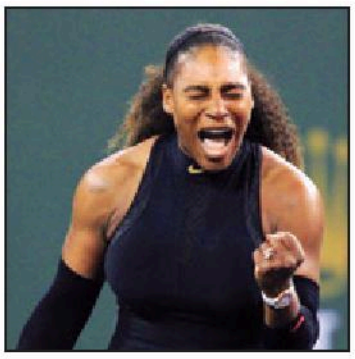
Serena Williams wins in WTA tour return



Indian Wells, Mar.11- Serena Williams shook off the rust from a 15-month layoff due to pregnancy to win her opening match at the WTA Indian Wells event with a 7-5, 6-3 victory over Zarina Diyas.

The unseeded Williams was the top-ranked player in the world when she began her long layoff following her victory at the 2017 Australian Open, where she was already expecting daughter Alexis Olympia who was born in September.

Williams entered the court Thursday night to a loud ovation, with many in the half full stadium standing and applauding as she came out of the tunnel for just her third appearance in Indian Wells in the last 17 years.

After that it was a matter of gradually asserting herself by taking control of the rallies, and she got the first break of serve in the 11th game of the first set and secured the set in the next game on her third set point.

The 36-year-old American is the star attraction in Indian Wells, but behind her popularity this year was the mystery surrounding her match fitness and ball-striking ability.

The 23-time Grand Slam winner answered some of those questions Thursday by blasting four aces and winning 63 percent of her first-serve points against a tough opponent who claimed her first WTA title last year in Tokyo.

"India is growing faster than before and it will take lead in its GDP in the next two years. 'We are not anti-Hindu, against Hindutva'

Mysuru, Mar.11 (PM&NNN)- "We are not anti-Hindu religion but we are against Hindutva, which opposes equality," said Prof. B.P. Mahesh Chandra Guru of Mysore University.

He was speaking after inaugurating a seminar on "Hindutva versus Bharatiya Samvidhana" organised by Karnataka State Progressive Thinkers Forum at the Institution of Engineers-India (IEI) on JLB Road here recently.

While the aim of the Constitution is that everybody should get an equal share and everyone is equal, the Hindutva forces represent oppression.

Narendra Modi after he became the Prime Minister said that he could become the PM though he came from 'Ganiga' community and the Constitution was responsible for his elevation. However, in the later days all his actions showed that he is anti-Constitution, the Professor alleged.

Swaraj India Party leader Prof.

Prof. B.P. Mahesh Chandra Guru** (extreme right) **of Mysore University and other dignitaries inaugurating a seminar on 'Hindutva versus Bharatiya Samvidhana' organised by Karnataka State Progressive Thinkers Forum at the IEI premises on JLB Road in city recently.

Shabir Mustafa said that in the 1990s, a Supreme Court Judge Justice J.S. Varma had given a verdict using the Hindutva argument that "Hindutva argument is not against the Constitution. It is an Indian way of life." This was the first victory to the Hindutva proponents. The time has come to once again look at the verdict.

Sri Urilinga Peddi Mutt Seer Sri Jnanaprakash Swamiji, who graced the occasion, said that while the Indian Constitution builds the nation, Hinduvta splits it. There is a conspiracy going on in the country today in the name of Hindutva by trying to quote an unwritten Constitution, he charged.

2011 batch of KPSC appointments

High Court quashes KAT's posting order

Bengaluru, Mar.11- In a judgement of far-reaching consequences and a huge setback to both the State Government and successful candidates of 2011 batch of Karnataka Public Service Commission (KPSC), the High Court on Friday quashed the Karnataka State Administrative Tribunal (KAT) order directing the State Government to issue appointment orders to 362 candidates for the posts of gazetted Probationary Officers.

A Division Bench, headed by Justice H.G. Ramesh, passed the order on a batch of petitions filed by R. Renukambike and others, some of whom were unsuccessful candidates for the posts.

The petitioners contended that KAT ordered the government to go ahead with the appointments despite large-scale irregularities in the selection process, in which KPSC Members were involved.

The petitioners had also questioned the Government's stand in the matter, contending it was the Government which conducted a CID investigation and found mass malpractices in the selection process. Despite this, it was blindly following KAT's orders.

In 2014, the State Government issued a notification withdrawing the recruitment notification for gazetted probationary posts, issued in 2011 following corruption in the selection process. But on March 17, 2017, based on the KAT decision, the government began the administrative process to appoint the 362 gazetted Probationary Officers.

The High Court Bench observed that some of the candidates were given uniform marks by the KPSC panel members. The Bench also observed that the investigation report states that the digital video recorder that had been installed had been changed before the CID investigation to erase all records of malpractice.

The Court further stated that the government was right in withdrawing the recruitment notification.

However, the KAT order quashing the government's withdrawal notification and directing the State Government to issue the appointment orders to the selected candidates is unsustainable in law, it said.

WORD OF THE DAY

Bird-dog

Pronunciation: BERD-dawg (verb)

Meaning: To watch closely or to seek out, follow, detect.
Origin: People began using bird-dog as a verb meaning "to closely watch someone or something" or "to doggedly seek out someone or something" in the early 20th century. Both meanings reflect skills likely to be possessed by a well-trained bird dog—that is, a hunting dog trained to hunt or retrieve birds. By the 1930s, bird-dogging was being used specifically as a term for stealing someone else's date. And, not long after that, it began to be used for the scouting out of customers or prospective talent. The noun bird dog refers to the canines one would expect, and is also used as a name for the date stealers and scouts who do the bird-dogging.
Example: With millions of city dollars invested, citizens are bird-dogging the riverfront development project to its completion.

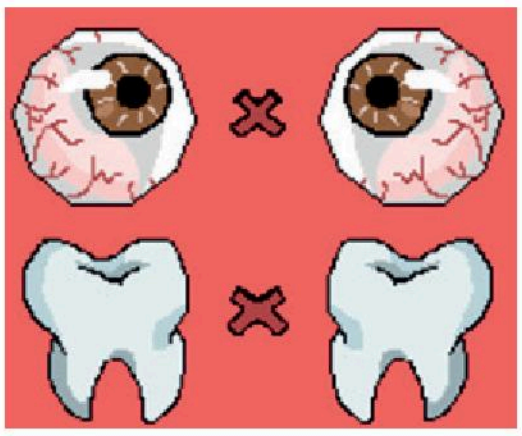
THE ODD WORD

Anfractuous

Winding or circuitous.

PHRASE OF THE DAY

An eye for an eye, a tooth for a tooth



Meaning: For every wrong done, there should be a compensating measure of justice.
Origin: From the Code of Hammurabi. Hammurabi was King of Babylon, 1792-1750BC. The code survives today in the Akkadian language. Used in the Bible, Matthew 5:38 (King James Version): Ye have heard that it hath been said, An eye for an eye, and a tooth for a tooth.

ಷೇರು ಮಾರುಕಟ್ಟೆ ಶ್ರೀಮಂತರಿಗೆ ಮಾತ್ರ ಸೀಮಿತವಲ್ಲ!!

ಡಾ॥ ಭರತ್ ಚಂದ್ರ, ಹೂಡಿಕೆ ತಜ್ಞರು

ಷೇರಿನಲ್ಲಿ ಮತ್ತು ಮ್ಯೂಚುವಲ್ ಫಂಡ್‌ನಲ್ಲಿ ಹೂಡಲು ಕನಿಷ್ಠ ಎಷ್ಟು ಹಣ ಬೇಕು?

ಸಮಸ್ಯೆ ಹೂಡಲು ತುಂಬಾ ಹಣ ಇಲ್ಲ ಎನ್ನುವುದು ಎಲ್ಲರ ಕೊರಗು. SIP ಯಂತೆ ಮಾಸಿಕವಾಗಿ ಹೂಡಲು ದೀರ್ಘ ಕಾಲದ ಹೂಡಿಕೆಗೆ ಕೇವಲ ಒಂದರಿಂದ ಐದು ಸಾವಿರವೂ ಒಂದು ದೊಡ್ಡ ಮೊತ್ತವೇ ಸರಿ. ಮಾಸಿಕವಾಗಿ ಹಣವನ್ನು ಸಂಪಾದನೆ ಮಾಡಬೇಕು ಎನ್ನುವವರಿಗೆ ಒಂದು ಲಕ್ಷವೂ ಸಾಕು. ಅನುಕೂಲತೆ ಇದ್ದಂತೆ, ಹಾಸಿಗೆ ಇದ್ದಷ್ಟು ಕಾಲು ಚಾಚಬಹುದು.

ಷೇರಿನಲ್ಲಿ ಹಣ ಸಂಪಾದಿಸಬೇಕಾದರೆ ಎರಡು ವಿಧ. ದೀರ್ಘ ಮತ್ತು ಅಲ್ಪಕಾಲಿಕ ಹೂಡಿಕೆ.

ದೀರ್ಘಕಾಲಿಕ ಹೂಡಿಕೆ ಮತ್ತು ಬರುವ ಲಾಭದ ಉದಾಹರಣೆಗಳು: 1993ರಲ್ಲಿ ರೂ 9,500ನ್ನು ಇನ್ಫೋಸಿಸ್‌ನಲ್ಲಿ ಹೂಡಿ ಇಂದು ಮಾರಿಕೊಂಡರೆ ಮಾಡುವ ಹಣ ರೂ. 5.92 ಕೋಟಿ, ಅಂತೆಯೇ 1980ರಲ್ಲಿ ರೂ.10,000ವನ್ನು ವಿಪ್ರೋದಲ್ಲಿ ಹೂಡಿದ್ದರೆ ಇಂದು ಬರುವ ಹಣ 566 ಕೋಟಿ.

ಮಾಸಿಕವಾಗಿ ಷೇರುಗಳಲ್ಲಿ ಲಾಭವನ್ನು ಗಳಿಸಬಹುದೇ?

Technical Analysis ನನ್ನು ಆಧರಿಸಿ ಸಾಗರದ ಅಲೆಗಳಂತೆ ಏರಿಳಿತಗಳನ್ನು ಕಾಣುತ್ತಿರುವ ಷೇರಿನಲ್ಲಿ, ಮೇಲಕ್ಕೆ ಹೋಗುತ್ತಿದ್ದಂತೆ ಹಣವನ್ನು ಹೂಡುತ್ತೀನಿ. ಕೆಳಕ್ಕೆ ಬಂದಂತೆ ಮಾರುತ್ತೀನಿ ಎಂದು ಸಂಶೋಧನೆಯನ್ನು ನಡೆಸಿ ಹಣವನ್ನು ಹೂಡುತ್ತಿರುವ ಪ್ರಜ್ಞಾವಂತರಿಗೆ ವಾರ್ಷಿಕವಾಗಿ 30-40% ಲಾಭವನ್ನು ನಿರೀಕ್ಷಿಸಬಹುದಾಗಿದೆ. ಹಾಗೆ ಮಾಡಿರಬಹುದಾದ ಲಾಭ ಈ ವರ್ಷ ಹೇಗಿದೆ. ಮಾರುತಿ ಸುಜುಕಿ 65%, ಟೈಟನ್ 120%, ವೇದಾಂತ 77%, ಎಚ್.ಡಿ.ಎಫ್.ಸಿ 46%, ಹಿಂಡಾಲ್ಕೋ 47%, ಟಾಟಾ ಸ್ಟೀಲ್ 53% ಇತ್ಯಾದಿ.

SIPಯ ಚಮತ್ಕಾರ (Systematic Investment Plan)
(ವ್ಯವಸ್ಥಿತ ಹೂಡಿಕೆಯ ಯೋಜನೆ)

ಅಮರ್, ಅಕ್ಬರ್ ಮತ್ತು ಅಂತೋನಿ ಸಹಪಾಠಿಗಳು ಮತ್ತು ಸಮವಯಸ್ಕರು. ಅಮರ್ ತನ್ನ 25ನೇ ವಯಸ್ಸಿನಿಂದ ತಿಂಗಳಿಗೆ ರೂ. 887/-ನ್ನು ವಾರ್ಷಿಕವಾಗಿ 15% ಲಾಭ ಬರುತ್ತಿರುವ ಕಂಪನಿಯಲ್ಲಿ ಹೂಡುತ್ತಾ ಬಂದಾಗ 60 ವರ್ಷಕ್ಕೆ ನಿವೃತ್ತಿಗೆ ಆದರಲ್ಲಿ ಜಮಾ ಆದ ಮೊತ್ತ ಒಂದು ಕೋಟಿ. ಅಕ್ಬರ್‌ಗೆ 35 ವರ್ಷಕ್ಕೆ ಜ್ಞಾನೋದಯವಾಯಿತು. ಈಗ ಪ್ರಾರಂಭ ಮಾಡಿ ನಿವೃತ್ತಿಗೆ ಒಂದು ಕೋಟಿ ಬೇಕೆಂದಾದರೆ ಮಾಸಿಕವಾಗಿ ಹೂಡ ಬೇಕಾದ ಹಣ ರೂ. 3,400/-. ಆಂತೋನಿಗೆ 45ನೇ ವಯಸ್ಸಿನಲ್ಲಿ ಜ್ಞಾನೋದಯ ಆಗದ್ದರಿಂದ ತಿಂಗಳಿಗೆ ರೂ. 16,400ನ್ನು ಹೂಡಿಕೆ ಮಾಡ ಬೇಕಾಯಿತು. ಅದೇ 55ಕ್ಕೆ ಪ್ರಾರಂಭಿಸಿದರೆ ಮಾಸಿಕ ಕಂತು ಒಂದು ಲಕ್ಷವನ್ನೂ ಮೀರುತ್ತದೆ. ಆದ್ದರಿಂದ ಇಂದಿನಿಂದಲೇ SIP ಹೂಡಿಕೆಯನ್ನು ಪ್ರಾರಂಭಿಸಿ.

ಸೆಮಿನಾರಿನ ವಿಷಯಗಳು:

ಸರಿಯಾದ ಷೇರುಗಳ ಆಯ್ಕೆ, ಪೂರಕವಾದ ಚಾರ್ಟ್ಸ್, ಇಂಟರ್‌ನೆಟ್ ಬಳಕೆ, ಲಾಭಾಂಶವನ್ನು ಕಂಡು ಹಿಡಿದು ಕೊಳ್ಳುವಿಕೆ, ಹಿಂದಿನ ದಿನಗಳಲ್ಲಿ ಬಂದ ಲಾಭದ ಉದಾಹರಣೆ ಗಳು, ಮತ್ತು ಕಂಪನಿಗಳ ಇತಿಹಾಸ. ಇಂದು ಹೂಡಿಕೆ ಪ್ರಾರಂಭಿಸಬೇಕಾದರೆ ಕೈಗೊಳ್ಳಬೇಕಾದ ಕಾರ್ಯಗಳು. ಡಿಮ್ಯಾಟ್ ಖಾತೆ ತೆರೆಯುವುದು ಹೇಗೆ, ಷೇರುಗಳನ್ನು ಕೊಳ್ಳುವ ವಿಧಾನ ಮ್ಯೂಚುವಲ್ ಫಂಡ್‌ಗಳನ್ನು ಕೊಳ್ಳುವುದು ಹೇಗೆ ? ಇತ್ಯಾದಿ.

ಉಚಿತ ಸೆಮಿನಾರ್‌ಗಳು

ಸ್ಥಳ: ಮೈಸೂರಿನ JLB ರಸ್ತೆಯ (ರುಕ್ಮಿಣಿ ರಾಣಿ ಲಕ್ಷ್ಮೀಬಾಯಿ ರಸ್ತೆ), ರೋಟರಿ ಸಭಾಂಗಣದಲ್ಲಿ (MUDAದ ಎದುರುಗಡೆ)
ಮೊದಲನೇ ಸೆಮಿನಾರ್: ನಾಳೆ (ಸೋಮವಾರ) 12 ಮಾರ್ಚ್ ಸಂಜೆ 6.10ಕ್ಕೆ.
ಎರಡನೇ ಸೆಮಿನಾರ್: ನಾಡಿದ್ದು (ಮಂಗಳವಾರ) 13 ಮಾರ್ಚ್ ಸಂಜೆ 6.10ಕ್ಕೆ

ಎಲ್ಲರಿಗೂ ಸುಸ್ವಾಗತ
ಯಾವುದಾದರೊಂದು ಸೆಮಿನಾರಿನಲ್ಲಿ ಭಾಗವಹಿಸಿ.
ಸೀಟುಗಳು ಮೊದಲ 100 ಜನರಿಗೆ ಮಾತ್ರ
